To The Folks at ANCO:

Enclosed is my payment for a job well done from start to finish. I work in the construction industry and can really appreciate a smoothly run project.

Linda and Theresa were really great, very helpful and efficient and really on top of things. Dennis and Joe came out and did an excellent job of removing the tank with precision and care.

Thanks for the good work, I look forward to getting the final certificate.  
Sincerely,

*Elizabeth (Liz) Bauer*
